

SLOPESPAN LEARN

SLOPEspan Learn

Learn-to-ski systems for beginner progression and coaching.

SLOPEspan · All-Season Ski & Freestyle Systems

Global products. Global projects. Practical supply solutions.

TECHNICAL OVERVIEW

Controlled project-planning reference

This sheet summarises the current Apollo website specification pathway. Final production data, drawings, installation documents and site requirements are confirmed against the actual project.

Reference surface module	240 × 240 × 60 mm manufacturer reference dimension.
Primary use	Beginner ski / snowboard learning and coaching.
Operation	Dry, wet-assist or snow-over pathways.
Terrain	Flat, progressive and wave-slope concepts.
Supply scope	Synthetic surface system and project-specific product schedule; local works excluded unless separately contracted.

PROJECT FIT

Repeatable learning A consistent progression environment for coached sessions.	Facility integration Coordinate access, viewing, safety, equipment handling and tow pathway.
All-season use Supports training beyond natural-snow availability.	Expandable Can form Stage 1 of a wider SLOPEspan facility.

COMMON APPLICATIONS

Ski schools · Schools · Resorts · Training academies · Sports institutes · Indoor training centres

PROJECT-SPECIFIC REQUIREMENTS

Final gradient, base, drainage, anchoring, water system, tow / lift equipment, safety zones and local compliance are project-specific.
