

APOLLO NZ GLOBAL

WHOLESALE & PROJECT SUPPLY

SEPTEMBER 2026

ARCHITECTURAL SYSTEMS

FAÇADES · LOUVRE · ROOF · GLASS ·
BUILDINGS

A focused Apollo NZ Global range overview for
architects, designers, developers, builders and project
teams.

[APOLLONZGLOBAL.COM](https://apollonzglobal.com)

ARCHITECTURAL SYSTEMS

A coordinated architectural project platform.

The architectural range spans building envelopes, adjustable and fixed roof systems, glass, modular structures and complete large-span building pathways.

ENVELOPE

Façades

OUTDOOR ARCHITECTURE

ARKEN

LYSVAR

STRUCTURES

Large Buildings

OPEN LIVE PATHWAY !'

ARCHITECTURAL FAÇADES

Envelope systems shaped around the building.

Custom material and geometry pathways for commercial, civic, hospitality, education and development projects.

EXPLORE LIVE RANGE !'

ARCHITECTURAL FAÇADES

KEY PATHWAYS

- Solid aluminium cladding
- Perforated + laser-cut façades
- Fins + battens
- Honeycomb + mesh
- Corten / weathering steel

Bespoke architecture or modular kitset.

Apollo keeps the two louvre pathways distinct so the product matches the scale and technical ambition of the project.

BESPOKE ARCHITECTURAL

ARKEN

Rotating, retracting, large-span and multi-bay architectural louvre systems.

VIEW RANGE !'

LOUVRE SYSTEMS

MODULAR KITSET

CADARN

Manual or motorised aluminium louvre pergolas up to the current modular project limits.

VIEW RANGE !'

Complete the outdoor architectural envelope.

Fixed and retractable roof systems, guided blinds and architectural motion systems extend the project beyond louvres.

ROOF SYSTEMS

FASGAR

Permanent aluminium and retractable fabric roof pathways.

OUTDOOR BLINDS

VELARIS

Guided blind systems for sun, privacy and exposure control.

ARCHITECTURAL MOTION

AUVENOR

Canopy and motion-system pathways for residential and commercial projects.

OPEN COMPLETE PATHWAY !'

ARCHITECTURAL GLASS

Transparent systems with project-led specification.

LYSVAR brings pool safety glass, architectural balustrades and interior glazed partitions into one project-focused platform.

[EXPLORE LIVE RANGE !'](#)

ARCHITECTURAL GLASS

KEY PATHWAYS

- Pool + safety glass
- Glass gates + hardware
- Minimalist balustrades
- Interior partitions
- Project-specific compliance review

BUILDINGS & LARGE STRUCTURES

Start with the building brief, not the brochure model.

Apollo reviews sports halls, worship buildings, schools, community buildings, warehouses, hangars and custom large-span projects through an RFP-led supply pathway.

EXPLORE LIVE RANGE !'

BUILDINGS & LARGE STRUCTURES

KEY PATHWAYS

- Sports + community buildings
- Education + worship
- Warehouse + industrial
- Hangars + large span
- Climate + destination review

From design intent to project-specific supply.

The live project determines dimensions, engineering responsibilities, technical documentation, destination requirements and final supply scope.

01 **DISCOVER** Choose the relevant architectural family.

02 **BRIEF** Send plans, dimensions, site conditions and use.

03 **REVIEW** Confirm the system and technical pathway.

04 **DOCUMENT** Develop project-specific product and technical information.

05 **QUOTE** Manual project quotation follows review.

START PROJECT BRIEF !'

APOLLO NZ GLOBAL

WHOLESALE & PROJECT SUPPLY

APOLLO NZ GLOBAL

Bring us the architecture first.

Send the project location, drawings, dimensions, intended use, exposure and target programme.
Apollo will narrow the relevant architectural supply pathway.
