APOLLO NZ GLOBAL

# A broad range. A clear way in.

Use the website for current specifications and project detail. Use this snapshot to understand the major families quickly, share them internally, and move into the right live product pathway.

## ARCHITECTURE

Façades · glass · buildings

## OUTDOOR

Louvres · roofs · shade

## SPORT

Surfaces · recreation · venues

## ADVENTURE

Touring · shelter · vehicle systems

[OPEN PRODUCT MAP !'](#)

[BROWSE PRODUCT DIRECTORY !'](#)

# Envelope systems and transparent edges.

Apollo's architectural range starts with the building brief and then narrows to the appropriate material, geometry and project-specific technical pathway.

## FAÇADES + SURFACES

### Architectural Façades

Aluminium cladding, perforated façades, laser-cut screens, fins, honeycomb, mesh, weathering steel and UHPC pathways.

VIEW RANGE !'

ARCHITECTURE

## ARCHITECTURAL GLASS

### LYSVAR

Frameless pool and safety glass, minimalist balustrades and interior glazed partitions for project-led architectural applications.

VIEW RANGE !'

# Two louvre pathways. Different jobs.

CADARN owns the modular aluminium kitset route. ARKEN is the bespoke architectural platform for larger, more integrated and more technically ambitious projects.

## BESPOKE ARCHITECTURAL

# ARKEN

Rotating roofs, retracting open-sky systems, large-span and multi-bay structures, glass enclosure and selected retrofit pathways.

[VIEW RANGE !'](#)

LOUVRE SYSTEMS

## MODULAR KITSET

# CADARN

Manual or motorised aluminium louvre pergolas with integrated LED, concealed drainage and freestanding, attached or roof-only configurations.

[VIEW RANGE !'](#)

# Control the roof. Control the edges.

Separate specialist systems cover permanent overhead shelter, retractable fabric roofs, outdoor blinds and architectural motion without blurring the role of each product family.

## ARCHITECTURAL ROOF

### FASGAR

Fixed aluminium and motorised retractable fabric roof pathways.

## OUTDOOR BLINDS

### VELARIS

Track-guided blind systems for sun, privacy and exposed openings.

## ARCHITECTURAL MOTION

### AUVENOR

Canopy, roof and motion-system pathways for residential and commercial projects.

OPEN COMPLETE PATHWAY !'

VARDHUS · MODULAR OUTDOOR ARCHITECTURE

## Standardised structures for the spaces around the home.

A New Zealand release pathway covering pergolas, outdoor rooms, pool houses and carports. Each live product page carries the current model-specific size and add-on information.

- Pool house
- Carports
- Model-specific accessories

BUILDINGS

# From expandable rooms to complete large-span structures.

Modular and large-building briefs follow different technical pathways but share the same principle: define the use, geometry, destination and project responsibilities before manufacture.

EXPANDABLE MODULAR

## MONTARA

10FT, 20FT, 30FT and 40FT expandable building pathways for accommodation, workspaces, classrooms, clinics and tourism.

[VIEW RANGE !'](#)

BUILDINGS

STEEL + LARGE SPAN

## Buildings & Large Structures

RFP-led sports halls, worship buildings, schools, community buildings, warehouses, hangars and custom large-span projects.

[VIEW RANGE !'](#)

SPORTS FLOORING

# Competition, community and multi-use surfaces.

The sports-flooring platform combines the wider Enlio partnership range with Apollo modular and roll-out pathways for different sports, users, bases and operating requirements.

[EXPLORE LIVE RANGE !'](#)

SPORTS FLOORING

---

SNAPSHOT

- 3x3 basketball
- Indoor + outdoor courts
- Pickleball + padel
- Timber + PVC sports floors
- Running tracks

# The wider sports environment.

Apollo extends beyond surfaces into recreation, spectators, venue technology and all-season training systems.

## WHEELED RECREATION

### RIDESPAN

Relocatable and expandable modular pump tracks.

## VENUE SYSTEMS

### HLJÓÐ

Sound, stage, lighting and performance-system pathways.

## SPECTATOR SYSTEMS

### Seating + Grandstands

Portable, retractable and fixed spectator infrastructure.

CIVARO · PUBLIC REALM

## A place-based platform for public space.

CIVARO organises public-realm selection around the setting, users, exposure and maintenance reality rather than a generic street-furniture catalogue.

- Coastal
- Park
- Transit
- Heritage

POOLS & WELLNESS

## Plan the site, water and services first.

Auremont modular pools anchor the current range, with project-led pathways for pool safety glass, wood-fired hot tubs, outdoor saunas, cold plunge systems and complete wellness zones.

EXPLORE LIVE RANGE !'

POOLS & WELLNESS

SNAPSHOT

- Auremont modular pools
- LYSVAR EDGE pool glass
- Wood-fired hot tubs
- Outdoor saunas
- Cold plunge systems

# Fire, food and gathering.

Three clear product families cover retained-heat cooking, architectural flame and live-fire social cooking.

WOOD-FIRED COOKING

## Pizza Ovens

Insulated refractory ovens for pizza, bread and retained-heat cooking.

ARCHITECTURAL FLAME

## Firepits

Firepits and fire tables for warmth, atmosphere and gathering.

LIVE-FIRE COOKING

## FJARVIK

Circular plancha and social live-fire cooking centrepiece.

SKELVAR · FURNITURE & LIVING

## Rooms made for living, listening and staying awhile.

A curated living platform spanning Mid-Century and Nordic furniture, vinyl storage, Hi-Fi furniture, listening rooms, cinema, coffee, lighting and acoustic interiors.

### SNAPSHOT

- Furniture + seating
- Vinyl storage
- Hi-Fi + listening rooms
- Home cinema
- Coffee + espresso

WEATHER PROTECTION

# Resilience organised around the failure pathway.

The range groups products around the conditions a property or project must withstand rather than forcing every problem into one product category.

SNAPSHOT

- Hurricane + cyclone
- Flood defence
- Stormwater
- Coastal exposure
- Heat + solar control

# Shelter. Sleep. Explore.

Vehicle-based travel systems span touring shelters, pickup platforms, rooftop camping and wider 4x4 adventure equipment. Fitment and vehicle limits remain part of the product decision.

TOURING SHELTER

## VÆRDR

Campervan, motorhome, caravan and 4x4 shelter systems.

PICKUP PLATFORM

## TerraRise

Aluminium pickup-canopy and camper-system pathways.

VEHICLE ADVENTURE

## RIGVAR

Awnings, tents, storage, kitchens, recovery and touring equipment.

# Specialist systems that complete the wider project.

Selected product families extend Apollo beyond the headline architectural ranges into landscape, cooking and high-quality outdoor shade.

## ELEMENTAL OUTDOOR ARCHITECTURE

### SVALDR

Fire, water, landscape, screening and outdoor elements.

## OUTDOOR KITCHENS

### NORDVAL

Architectural outdoor-kitchen pavilion systems.

## OUTDOOR UTILITY

### HAVENFORM

Bike, bin, parcel and outdoor utility systems for developments.

PROJECT PATHWAY

# The PDF introduces the range. The live project starts online.

Detailed specifications, technical evidence, availability and destination requirements stay on the website. That keeps this overview clean and keeps project information current.
